FY2022 CoC Notice of Funding Opportunity (NOFO) Analysis

Summary -

- The NOFO was released on August 1st which is due on September 30th in addition to the Unsheltered Supplemental NOFO
- Every year HUD releases priorities that are reflected in the application questions and the data that HUD evaluates; the more we are align with HUDs priorities the more money we will be rewarded.
 - The breakdown for each priority are listed in <u>the September 2022 Board Packet</u>.

Working to Equitably End Homelessness in Detroit, Highland Park, & Hamtramck

- There were changes on various topics from the 2021 NOFO application compared to the 2022 NOFO. Some of those topics included:
 - Collaboration with Public Health
 - This was due because HUD wanted to know how we would respond to COVID-19. Now HUD want to ensure that we have continued collaboration to have policies and procedures in place in case of future pandemics.
 - o Leveraging Housing and Healthcare Resources
 - Hud wants to ensure that the projects that are being submitted for funding are affectively leveraging resources for the people who
 are being served.
 - o Increased emphasis on racial equity
 - HUD wants to know any specifics actions that the CoC has in place to address racial equity.
 - Increased emphasis on data- based metrics
 - HUD has made a shift in assigning a greater proportion of the CoC application's score to data rather than using narrative responses.
- Total amount of funding available to apply for the 2022 NOFO is \$34.6 million
- The projects that are submitted to HUD are ranked based on the CoC's Annual Renewal Demand.
 - o Tier 1 is the amount of funding HUD is essentially guaranteeing to award to the CoC, and therefore projects placed within Tier 1 are highly likely to be selected by HUD for funding. Projects placed into Tier 2 are less likely to be selected by HUD for funding. The extent to which the CoC is awarded projects in Tier 2 depends on the CoC application score.
- Some of the elements from the CoC Application Scoring Criteria has changed since the 2021 application
 - o 2021 questions related to COVID response (for which we scored very well) have been replaced by questions on how the CoC is implementing on-going strategies to de-congregate shelters and work with public health to prevent the spread of infectious disease.
 - The points associated with demonstrating coordination with housing and healthcare have moved from being "bonus points" to be a part of the base score. This aligns with HUD's increasing emphasis on CoC's being able to demonstrate an ability to leverage other resources.
- The next steps for the local application are:
 - $\circ \quad \text{Reviewing and finalizing funding decisions.}$
 - o September 12th: The board will be asked to vote on new project recommendations in the CoC Board meeting
 - September 14th: Executive Committee meeting will be held for non-funded Board members (with Board member invited) to vote on final project ranking list
 - o September 30th: All projects will be submitted to HUD
 - o Early 2023: HUD funding announcements will be made
- The next steps for the National Application process are:
 - o September 12th: the Board will be asked to provide input to draft the CoC application
 - o September 20th: CoC membership will be asked to vote to approve the final application; application will be submitted to HUD September 30th.

CoC Board input on the draft for the regular CoC Application

Summary-

- HAND are currently developing responses to questions in the CoC Application.
- The CoC Application questions are a mixture of describing how things are, what our community has done, and will do within our community and system.
- The input that was gathered in the breakout rooms will help craft responses to questions in the applications. There were 2 rounds of breakout rooms which participants self-selected which rooms they wanted to go in according to the topics.
- The CoC General Membership will be asked to approve the application on the regular scheduled meeting on September 20th.
- Following the application submission, a debrief will be provided to the CoC Board about how the process went and the potential areas for improvement.

Values & Funding 2.0 - Request for Board Rep

Summary-

- This CoC committee will operationalize the CoC vision by strategizing on how to utilize existing funding resources that align with CoC values and priorities, and identify funding gaps and potential resources to meet those needs
- This committee will partner closely with provider workgroups, engage private funders, and engage key partners (i.e., Detroit Housing Committee, Detroit Wayne integrated Health, etc.)
- Ideally, this committee would meet two times a month and create additional subcommittees.

RE: CSH updates on Detroit Supportive Housing (SH) Quality Work

CSH has been working in partnership with the Detroit CoC, Supportive Housing (SH) providers, HAND, and the City of Detroit Housing Revitalization Dept (HRD) to advance quality in SH in alignment with <u>CSH Dimension of Quality</u> standards. This memo serves as an update to the Detroit CoC Board on the work to date and opportunities CSH is elevating based on our observations and discussions with partners.

Background on SH Quality Work:

- 2018 PSH Written Standards Site Visits with CoC Funded SH Agencies, HAND and CSH partnership
- 2019 Detroit CoC Funded Providers required to complete <u>CSH Dimensions of Quality (DOQ) Provider</u> Self-Assessment

Current SH Quality Work:

- 2021-2022 CSH SH Quality Training and Technical Assistance (TA) Initiative
 - o Purpose:
 - Aligning SH with quality metrics
 - Strengthen SH program policies and processes
 - Focus on SH tenant outcomes and increase feedback from SH tenants
 - Intentionally centering race equity and justice
 - Participating Providers Michigan Neighborhood Legal Services, Development Centers Inc., Full Circle Communities Inc., Travelers Aid, Catholic Charities of Southeast MI, Ruth Ellis Center, Neighborhood Service Org, Central CDC/NOAH Project, Community and Home Supports, Southwest Counseling Solutions, Mariners Inn, Coalition of Temporary Shelter, Wayne Metro Community Action Agency, Cass Community Social Services, Alternative for Girls, HAND
 - 2022 Training Topics:
 - SH Quality through a Race Equity Lens
 - Creating Written Service Plans, Building a Service Team & Supportive Service Budgeting
 - Trauma-Informed Approaches & Cultural Humility: Essentials for Providing Services in SH
 - Trauma-Informed Approaches: Creating an Inclusive SH Service Team
 - Supervision & Teambuilding: Creating a Culture of Self-Care within SH Team
 - Harm Reduction in Practice: Developing Policies & Services that Center Tenants
 - Planning for Crisis: SH Assertive Engagement & De-escalation
 - Thriving Tenants: Tracking Outcomes in SH
 - Bringing Tenant Leadership to Life
 - Continuous Quality Improvement: Continue to Learn, Improve, & Evolve Your SH
 - SH Provider Technical Assistance (TA) CSH has been available to provide individualized TA to providers on SH service budgets, SH staff positions, policy creation, community engagement, SH tenant feedback opportunities, and other topics.
- Informal SH Provider Leadership Discussions In 2022, CSH has started informal discussions with some Detroit SH agency leadership to better understand the challenges that providers are facing and the

support and funding needed to align with quality, create peer sharing and learning opportunities, and build a collective SH advocacy voice. CSH's goal is to grow this to include all SH providers in Detroit and create a similar statewide group.

CSH developed recommendations for City of Detroit HRD's Affordable Housing NOFA & Application:

- CSH reviewed the current HRD NOFA and Application and made suggestions throughout the
 document on how to improve the existing process and questions. Additionally, based on
 extensive knowledge and expertise built into our SH Dimensions of Quality and a review of
 NOFA/Applications from other cities and states, we've included additional recommendations.
- All recommendations are centered on how to improve the quality of housing and services created for tenants and ensure that it's based on their needs.
- o CSH highlighted opportunities to align with the Detroit CoC PSH Application.

CSH Observations about SH in Detroit:

- There is a long history of agencies creating SH in Detroit.
- The implementation of Coordinated Entry has led to a population with complex needs moving into SH, but the service philosophy has not evolved to meet the needs of this population.
- SH service funding has not kept up with the service needs of people moving into SH. The Detroit SH system has significant SH service funding gaps which has led to high staff-to-tenants ratios.
- Agencies operating SH are committed, trying to align with Housing First principles, but are stretched. This makes it difficult to expand and create new SH units.
- The Detroit SH system needs to increase coordination and collaboration with the healthcare system while also educating those systems about the needs of the SH population.
- There is not a collective and unified advocacy voice for Detroit SH agencies at the local and state level.
- There are limited opportunities for SH tenants to provide feedback and to engage in system-level work.

Opportunities and Areas to Focus for the CoC to Increase Alignment with SH Quality:

- Increase SH Tenant feedback at the agency and system level
- Build collective advocacy efforts
- Support SH agencies in budgeting for services that align with best practices. Accurate budgets will show the funding necessary to implement to quality standards, such as:
 - Increase administrative fees to align with needs
 - Decrease staff to SH tenant ratios
 - Prioritize staff development and growth opportunities
 - Decrease supervisor-to-staff ratios
 - o Paying people in alignment with their expertise
- Maximizing Medicaid
- Streamline renewal and new CoC grant applications and support/encourage SH providers to consolidate grants
- Strengthen coordination between HRD and HAND around SH prioritizes, funding, and expectations
